

Introducing the integrated Cd-player  
**SCD-010**  
From Vitus Audio

## Specifications

Rated Output.....	RCA = 1Vrms / XLR = 2Vrms
Digital Output.....	1xRCA / Up to 192Khz Sample Rate
Signal to Noise Ration.....	> 110dB
THD+ Noise.....	Better than 0,01%

### **Drive: Philips CDPro2LF**

This drive is one of the best drives available on the market, and fits our wish for a top loaded design. The mechanics of the drive has been heavily modified to meet our specs for ultimate vibration and speed stability.

### **Master Clock: (Anagramtech Timelock)**

Output Frequency.....	24.576 MHz.
Frequency Tolerance.....	+/- 10 ppm
Output Duty Cycle.....	50% +/- 4%
RMS Phase Jitter (Random).....	0.5 ps

### **Digital Audio: (Anagramtech Q5 and ADI1955 DAC)**

Sample rate.....	384KHz
Resolution.....	24 bit
Power Consumption (RMS):	
Standby.....	< 2W
ON.....	~ 20W
Dimensions (W x H x D).....	435x130x430 mm
Weight.....	~26Kg
